

The Diamond Mine Hitting League

HERE'S HOW IT WORKS:

- 4 or 5 player teams will compete in a league that consists of teams from other area schools
- Teams will compete head to head in 7 inning games with each player on a team receiving 6 swings per inning
- The scoring will be based on the number of base hits that players get.
- Scoring areas attached to the batting tunnels will determine base hits, and different scoring areas represent different point values.
- At seasons end, the top teams will compete in a playoff to determine the hitting league champion.
- Team and individual awards will be presented to the winning team and MVP
- Players will be allowed to take extra swings off the tees and batting tunnels that are not being used for competition.
